

Features

Power Supply

12-24V DC

Energy Consumption

<1W (Stand by), <1.5W (at heating)

Maximum Load

6W

Number of outputs

1

Type of outputs

open-drain, ground control

Ambient temperature (in measurement range)

0°C to 50°C

Type of measurement

Rainfall detection (start and end)

Sensor heating

Automatic, energy saving function

Type and length of the cable

5m, LIYY 3x0.25mm²

Mounting

Holes in the mounting bracket or a self-adhesive element (tape), mounting bracket adapted to rotate the direction of the cable exit, horizontal installation in a place exposed to rain.

Dimensions

50 x 35 x 16mm

Protection level

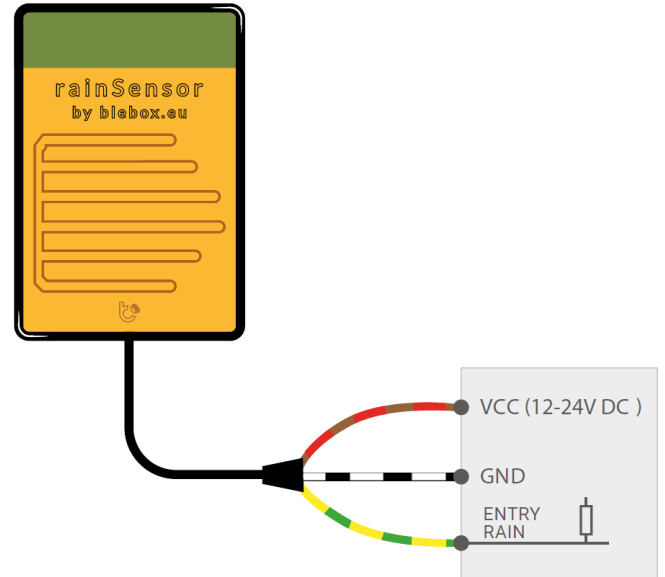

IP55

Communication standard

5WiFi, compatible with µWiFi, 802.11g

Mode

Direct connection (as Access Point), Wi-Fi connection via a standard router, connection with access from any location in the world (re-quires only access to the Internet) encryption.

Rain Sensor
