

Benefits

- Ideal for smart buildings; integrate with building and home automation systems.
- Connects to AFI AC actuators directly or through AFI control panel (ask for datasheets)

Applications

Control single or group of 24VDC actuators. Open, Stop, Closed via double button with 2 normally open contacts.

Features

- For installing in 55mm flush mounted socket (not included)
- Rear wiring terminals accept solid or stranded wire as appropriate for installation
- 5-year manufacturer's warranty. Requires reading AFI Install Guide before purchase, and confirmation of project and installation specs by licensed electrical contractor
